April 2025

INTRODUCTION

Established in 2023 under the auspices of Iran's Ministry of Industry, Mines, and Trade, the Advanced Technology & Knowledge-Based Industrial National Association of IRAN (AINA-IRAN) represents a dynamic network of over 50 leading private-sector enterprises specializing in advanced manufacturing, cutting-edge R&D, and high-tech innovation. Our members are pioneers in sectors such as biotechnology, advanced electronics, pharmaceuticals, and industrial materials, driving Iran's transition toward a knowledge-based economy.

With a focus on fostering international collaboration, AINA serves as a strategic gateway for foreign companies and governments seeking long-term partnerships with Iran's most innovative industries.

WHY COMPANIES JOIN AINA?

01 Trusted Network: Our members meet stringent criteria, including

- 100% private ownership.
- Annual revenue exceeding €5M, exports over €1.5M (3-year average), or 100+ employees.
- Active R&D investment ($\geq 5\%$ of revenue or €500K annually).
- Certification as advanced technology or knowledge-based firms by Iran's Vice Presidency for Science, Technology, and Knowledge-Based Economy.

02 Strategic Expertise:

- **Export Development:** securing export financing and navigating international markets (especially Russia).
- **Tax & Regulatory Innovation:** Advocacy for R&D tax incentives and investor-friendly policies.
- **Financial Solutions:** Access to tailored funding mechanisms, including venture capital, sovereign wealth funds, and Islamic finance instruments.

03 Government Collaboration:

Formal partnerships with Iran's Innovation & Prosperity Fund, National Development Fund, and Trade Promotion Organization ensure alignment with national economic priorities.

KEY INITIATIVES FOR GLOBAL PARTNERS

Export Acceleration Program

- Facilitate access to Iran's high-tech exports in biotechnology, electronics, and advanced materials.
- Joint ventures for large-scale projects in target markets (Russia, Indonesia, Iraq).
- Customized trade delegations and B2B matchmaking.

R&D Collaboration Platform

- Co-development of technologies in AI, renewable energy, and advanced manufacturing.
- Shared access to Iran's R&D tax credits and innovation grants.

Investment Opportunities

- Equity partnerships in Iran's first privately funded Science & Technology Growth Fund.
- Priority access to infrastructure projects in free trade zones.

LEADERSHIP

- **Chairman:** Dr. Mohammad Mehdi Nayebi
(RastaFan Ertebat Co.)
- **Vice Chairman:** Mr. Abdolreza Yaghoubzadeh
Tari (Pouyandegan Rah Saadat Co.)
- **Secretary of the Association:** Dr. Mehdi
Pourshaker Meybodi
- **Head of International Trade and Technology
Cooperation Committee (& Board Member):**
Mr. Behrouz Sabokdast (Arya Teb Firouz Co.)
